HEIGHT:	8.92cm (3 ^{1/2} "
WIDTH:	3.81cm (1 ^{1/2} "
DEPTH:	5.31cm (2 ^{1/16} "
MODEL #:	RTB0300

The U-Bracket was designed to give the end users another alternative to Reidterra's Tracer Wire Station. The U-Bracket uses a 1.9cm (3/4") pvc conduit to protect your tracer wire. It's compact design especially suits residential applications and can also fit into congested areas.

Our new quick connect bolt allows locators easy access to the tracer wire without opening any access ports
